

POLITICAL POT IS BOILING

Enemies of Senator Ollie James Believed to Be Candidate's Chief Support.

A Lexington, Ky., dispatch to the Cincinnati Enquirer announces that the chief support now being given Mr. A. O. Stanley as a candidate for the Democratic nomination for Senator comes from men who wish to take the scalp of Senator Ollie M. James. The Enquirer dispatch reads in part as follows:

Senator Camden is to be reappointed by Gov. James B. McCreary to membership on the Kentucky State Racing Commission, of which he was chairman at the time of his appointment to the Senate, and Congressman Stanley will, after he has appeared as chief counsel in the defense of Donn Roberts, Mayor of Terre Haute, Ind., who soon is to be placed on trial at Indianapolis for alleged political sins, enter actively upon his campaign for the Democratic nomination for Governor of Kentucky.

A succession of circumstances, happenings and meetings of interested persons, the principal one having taken place in Washington this week, is responsible for the belief that Stanley, in his race for the nomination, is to be backed by Senator Camden, trained by Judge Allie W. Young, of Morehead, and piloted by former State Prison Commissioner Eli Brown, of Frankfort.

Remembering that after Senator Ollie M. James turned down Judge Young's man for the Mt. Sterling postoffice, Young gave out a statement that he would see to it that James is a one-term Senator, recalling that the friends of Congressman Stanley in Western Kentucky, especially in the First district, have been saying unfriendly things about Senator James since Beckham defeated Stanley for the Democratic nomination last August, and taking into account the lacing Senator James gave Senator Camden for his failure to support the shipping bill, this appears to be a perfectly natural line-up which has, for its immediate aim, the Governorship for use as an aid to its ultimate aim, the undoing of Senator James."

Miss Margaret Gertrude Maher, aged 25 years, daughter of Mr. Henry Maher, of this city, died at the family residence on High street Monday morning at 2:30 o'clock after an illness of several months.

EXTENSIVE IMPROVEMENTS

Cumberland Telephone & Telegraph Company Will Make Many Changes Here.

Mr. E. M. Veatch, District Plant Chief, and Mr. Thos. B. Carter, Division Estimate man of the Cumberland Telephone & Telegraph Co., were in this city Monday looking over the local plant with a view of making extensive improvements and additions in the near future. The business has developed so rapidly in the west end, owing to the growth of this part of the city, that all available facilities have been exhausted and it will be necessary to replace a large part of the cables with larger ones. Every pair of wires west of Mayville street and south of Winn street is now in use. Telephone development gives an accurate estimate of the general growth and prosperity of the city.

The above named gentlemen are making similar estimates for a number of towns in this section. The entire town of Paris has been rebuilt and a new exchange installed. It is stated that about \$400,000 will be spent on improvements in the State this year.

WELCOME TO OUR CITY

Mr. John Keller who has rented the Cockrell building next door to Land & Priest's drug store, and who will shortly begin business there, was located in Richmond for many years. In speaking of him a Richmond paper said:

"Mr. John Keller, who has been connected with the dry goods establishment of E. V. Elder, this city, for the past thirteen years, has resigned and will engage in the dry goods business on his own responsibility at Mt. Sterling. He left last week for New York City to purchase goods for his store. Mr. Keller is one of Richmond's most promising young men—a man in the highest, broadest and best sense—honest, energetic, public-spirited, polished and refined. His legion of friends wish him success in his new field."

FIRE DESTROYS PROPERTY

Watson Property on Richmond Avenue Destroyed by Fire Saturday Morning.

The fire department was called out Saturday morning at 1:30 o'clock, a fire having been discovered in the Henry Watson property on Richmond avenue, occupied by Mr. Wm. Huls and family. The fire had gained such headway, however, that the firemen could not save it, but managed to confine the fire to the one house. This is the same property that was partially destroyed by fire last summer, and both times the tenants of the property were absent from home. The house and contents were fully covered by insurance.

ASK TO HAVE DEED SET ASIDE

Suit was filed in the office of the Circuit Court Clerk Thursday by James H. Wood, W. Hoffman Wood and Mrs. Hattie Wood, heirs at law of Major A. T. Wood, deceased, against Miss Anna K. Moss, Mrs. Iva D. Swaffield (formerly Wood), et al, seeking to have the deed alleged to have been executed to defendants, Anna K. Moss and Iva D. Swaffield by Major Wood, set aside and held for naught. The plaintiffs allege that the deed to a house and lot on Winn street owned by the late Major Wood, dated June 20th, 1914, and filed for record February 6th, 1915, to defendants was procured by undue influence; that Major Wood, at that, the time of executing said deed, was an old man, frail in body and of failing mind and memory; that he was induced to execute said deed through the wiles, artifices, coercion and domination of the said defendants, Miss Anna K. Moss and Iva D. Swaffield, and was wholly without mental capacity.

They pray that said deed be cancelled and that the said property be adjudged as belonging to the estate of said A. T. Wood, deceased. And that the same was duly his property at the time of his death.

G. P. SULLIVAN'S WILL

The last will and testament of Mr. G. P. Sullivan, Sr., dated December 20th, 1900, and witnessed by R. G. Kern and Judge C. C. Turner, has been probated in the County Court. He leaves to his wife the home farm of 149 acres and \$500 in money, also all his household and kitchen furniture, and at her death one-half of said farm is to go to his son, Henry Sullivan, the remainder to be divided equally, quantity and quality considered, to his children, G. D. Sullivan, Joe P. Sullivan and Mrs. Mattie Palmeter. He leaves his son, William \$50 in money and certain outstanding notes, etc., and to his daughter, Mrs. Lillian Parsons, of Nashville, Tenn., he bequeaths two houses and lots in the city of Nashville and \$150 in money. After certain debts are paid he devises all stock that may be on the farm at the time of his death to his son, Henry. He appoints Mr. H. H. Riggs executor to carry out his will.

CLOSES CONTRACT

Mr. W. R. Tipton, of this city, was in Louisville the past week and closed a contract with the Kentucky Fertilizer Co., to represent them in this section of the State. Mr. Tipton sold a large amount of this company's product last year and it gave splendid satisfaction.

He is a hustler and the company could have found no better man to represent them.

The tobacco market in this city is fast coming to a close although the floors of the warehouses continue to be crowded but it is thought that the sales will be finished in about ten days or two weeks.

Whitehall Sale.

The sale at the Whitehall Monday was a good one. Among the best averages obtained were: W. E. Foley, 2,220 pounds, \$12.50; Walter Bridges, 5,290 pounds, \$10.17; Anderson & Charles, 2,040 pounds, \$12.03; Clay & Goodon, 9,380 pounds, \$10.67; Anderson & Charles, 2,490 pounds, \$10.40; Anderson & Charles, 2,140 pounds, \$12.44; Howell & Gaitskill, 2,165 pounds, \$10.75. This house has a full floor for the next sale.

Farmers House

The Farmers Tobacco Company held an exceptionally good sale on Monday with prices high, demand heavy and much activity shown on the floor. All grades were better, although quality was about as usual. Prices ranged from 1 to 19 cents. The entire floor of 101,340 pounds brought an average of \$8.28. The crop of Goodpastor & Duff, 9,495 pounds, brought average of \$14.18; Marshall & Donaison, 4,415 pounds, \$12.26; Henry & Bennett, 395 pounds, \$10.87; E. Sharp & Johnson, 5,275 pounds, \$10.32; White & Leach, 9,065 pounds, \$10.90. Including Monday's sale this house has sold during the season 4,694,925 pounds, and will climb over five million before the week is over. On Tuesday this house sold about 160,000 pounds, of medium quality and grade prices were equally as high, or higher than on Monday, demand equally as strong on all grades. The sale had not been finished when we went to press and for that reason crop averages are not quoted, although several were seen that brought above 13 cents straight for entire crops.

The Robertson House

This house held a good sale on Tuesday morning, with quality not as good, and grade prices about as usual. There were disposed of about 85,000 pounds for a good average, and the sale was steady. Some crop averages quoted are Henry Greene, 1,035 pounds, \$11.83; Botts & Ormes, 5,065 pounds,

\$12.70; Smith & Wilson, 5,825 pounds, \$11.29. Prices from 1 to 23 cents.

INTERESTING VISITOR

Rev. Horace Kingsbury, who is the minister at Somers church, while taking a post graduate course at the Bible College at Lexington, preached at the Presbyterian church Sunday night to an audience that packed the house, many standing during the entire service. Dr. Yeaman in introducing the speaker said that they had both been pastors at Harrodsburg and that he wanted his congregation to know and appreciate his friend. Rev. Kingsbury's sermon was pronounced by all present as an unusually fine production. The Christian church had no evening service out of accomplishment to the visiting minister.
